As an insurance broker we offer you a consultancy service. Our remuneration - also known as the broker's fee or commission - is customarily paid by the insurance company for our consultancy, procurement and support services. The commission forms part of the insurance premium. Any variation to this must be explicitly agreed between us and the customer. Particularly in the procurement of so-called net products, as a general rule a separate remuneration agreement is arranged that binds the customer to paying the commission. Net products are products where the broker's fee is not included in the insurance premium. Our company does not receive any reimbursement in the form of other benefits or payments.

Our company/The insurance broker has no direct or indirect holding of more than 10% in voting rights or shares of an insurance company. No insurance company or parent enterprise of an insurance company has a direct or indirect holding of over 10% in voting rights or shares in the insurance broker/our company.

Broker Mandate

The applicant assigns SüdwestRing Versicherungsmakler GmbH, Weingarten/Germany (SWR) the mission of concluding the pre-mentioned insurance contract. Besides the conclusion this mandate also applies to changes, cancellation, or changes to the coverage, under exemption of the restrictions of § 181 of the German Civil Code.

This broker appointment is directly related to the insurance contract entered into, since it relates to a special insurance solution for water sports enthusiasts, the processing of which is shared by the insured person in the group contract (VDWS) and the insurance broker (SWR). For this reason the duration of this broker contract is identical to the duration of the insurance contract and also runs for 1 year, automatically extending for a further year if not terminated in writing 3 months before expiry.

The insurant expressly agrees that he/she can be contacted by the broker by all media (post, phone, fax, email) and that the broker can inform him/her on the existing business relation, i.e. the conclusion of new contracts, changes to content of existing contracts, especially their renewal, diversification and supplements.

The applicant confirms expressly that he/she only wishes the pre-mentioned insurance, according to the framework contract between VDWS e.V. and the insurer.

Consulting documentation

Consultants: SüdwestRing Versicherungsmakler GmbH, Weingarten, Germany, Tel. no. +49 (0) 751 56036-80 (SWR for short). All information is non-binding and without guarantee. Current contract and tariff conditions apply

Customer preference / reason for consultancy:

You have instructed us to conclude cover with the VDWS SafetyTool and you have provided the necessary information in the application to us, respectively the VDWS. A more extensive assessment of requirements and consultancy were not wanted and only take place through a separate mandate and advisory report. If required we would of course be pleased to help you here.

Market analysis and recommendation:

The offer from AXA Versicherung AG meets your wish for a balanced cost effectiveness, taking into account the broadly based insurance cover.

Highlights included for example are the following enhancements:

- Comprehensive insurance cover for rental equipment
- Skipper liability for rented boats and liability for own and third-party windsurfing, kite surfing, SUP and snow kite equipment, as well as canoes and kayaks
- Low-cost premium through the VDWS group insurance contract with AXA

For the above-mentioned reasons we recommend the insurance cover from the above-mentioned

supplier. This is a special policy outline for water sports enthusiasts, created by SWR and VDWS working together and which meets the needs of windsurfers, kite surfers, sailors and other water sports enthusiasts. Other insurance companies and coverage concepts were therefore not considered in this class of insurance.

Your decision:

After reading and taking note of the description of services and possible amounts insured as well as the inclusions and exclusions you have followed our recommendation and instructed us to arrange the named

Advice concerning the product:

For this please use the following sides, the product information leaflet and also the extensive contract terms and conditions.

Advice concerning those areas that are not insured:

Those areas where there is no insurance cover are clearly stated in the attached product information leaflet and are therefore not reiterated here.

Advice:

Restricted choice of insurance company and service

Please note that in this particular instance there is a restricted choice of insurance company and products. The insurance company and product offered are the only ones included in our proposal. As a basic principle, the terms and conditions of the provider in question apply on conclusion of the agreement! Insurance protection first commences on acceptance of the application by the insurance company.

Obligation to cooperate

Please contact us if there are changes in your risk profile, if you require additional insurance protection or if the existing insurance protection needs to be changed. Furthermore we recommend that to avoid endangering your insurance protection, statutory and contractual obligations and regulations are observed. Commissioning us does not release you from informing yourself about the contents of the insurance and reading the terms and conditions.
